The Managing Director, Hyderabad Metropolitan Water Supply and Sewerage Board, Hyderabad in the letter third read above has reported that, presently, the water supply in the peripheral circles of Greater Hyderabad Municipal Corporation area is once in 3 to 5 days due to inadequate storages and distribution network. In order to improve the water supply standards on par with the Core City, the project proposals were formulated by engaging the consultants and approached the Ministry of Urban Development, Government of India, for the funding under JNNURM, but it could not be materialized. Further, as per the instructions of the Government to explore the funding options for implementation of Water Supply Distribution Project for the peripheral circles of Greater Hyderabad Municipal Corporation, he has requested the HUDCO for providing loan assistance duly submitting the detailed project proposals amounting to Rs.1900.00 Crores. The project proposals consist of construction of the service reservoirs as per the hydraulic zones in each circle and providing the feeder mains as inlet mains and trunk mains as outlet and distribution network. The HUDCO has communicated the loan sanction letter (vide scheme No.20839) for an amount of Rs.1700.00 Crores and as such the balance amount of Rs.200 Crores of project has to be shared by the State Government/Board.

2. The Managing Director, Hyderabad Metropolitan Water Supply and Sewerage Board has further stated that, as the augmentation of water supply from Godavari Phase-I is nearing completion, for equitable distribution of supplies among all circles, it is very essential to implement the project proposals for creation of service reservoirs with inlet, outlet and distribution network. Further, as per the terms and conditions of HUDCO loan sanction letter, the Government counter guarantee is to be provided for Rs.1700.00 Crores and the commitment to the share amount of Rs.200.00 Crores is also to be provided.
